

## Marriage & Family Therapy EXAMINATION PROCEDURES

Nebraska statute states that an individual who by reason of their educational background is eligible for certification as a certified master social worker, a certified professional counselor, or a certified marriage and family therapist must take and pass the national examination that is aimed at their educational background.

Thus, an individual who wishes to apply for a license and certification as a marriage and family therapist must take the AMFTRB to qualify for licensure and certification.

### A. COMPUTERIZED ADMINISTRATION

#### 2002 Administration:

The examination will be administered via computer, through Prometric Thompson Learning Centers. Candidates will now have the convenience of testing at any Prometric Center at multiple locations throughout the state as well as choosing to test at any time during a 4 week window of time.

The window of times are: **January 21, 2002 to February 10, 2002**  
**May 20, 2002 to June 16, 2002**
